

ALUMINUM A-FRAME

A large format A-Frame made from lightweight aluminum. It is very easy to use, reusable and is the perfect graphics carrier for venues, events, exhibitions, promotions and indoor or outdoor shows. Wrap with a vinyl or mesh banner and secure along the edges with Velcro for easy installation and removal. Also works great with grommeted graphics.

POPULAR USES

- Directional or barrier signage
- Sponsorship signage
- Portable mini-billboard
- Outdoor festivals and events
- Retail promotions

ADVANTAGES

- Graphics are displayed on both sides of frame
- Easy push-fit assembly, no tools necessary
- Indoor or outdoor use
- Easy grommet or velcro graphic attachment
- Includes 6 ground stakes and 24 bungee cords and carry bag
- 1 inch square aluminum tubes with reinforced plastic moldings
- One year hardware warranty against manufacture defects

SPECS

Each frame is 98.43 inches wide by 39.37 inches high. The visual graphics area on each side is approximately 92 inches wide x 32 inches high when using grommeted graphics. When using a full wrap, the graphic area is equal to the full dimension of the frame.
