

# TABLE THROWS

## LOOK IMPRESSIVE

Need to make a good impression at your next trade show or event? We've got you covered! At Source One Digital you're not limited to a logo imprinted on a dozen fabric colors. Instead, you can print the entire surface with full-color photographic images or any color imaginable. Our premium table covers are printed direct to fabric so the color is embedded right into the fibers of the material. The direct to fabric process provides a long lasting table cover that is wrinkle-resistant and easy to care for.

## ADVANTAGES

- Durable polyester knit fabric
- Direct to fabric printing process embeds colors into the fabric
- 100% Full-bleed, full-color graphics
- Stitched hemming along edges to prevent fraying
- Treated to be flame retardant and meet FR Code 701 requirements

## POPULAR USES

- Trade shows
- Special events
- Registration tables
- Product demonstration tables
- Custom branded table cloth
