- Project management and proofing system keeps project organized
- Graphic design team checks file prior to production to ensure accuracy and quality
- Ability to manage variable data within a project
- Assemble and kit multiple pieces or multistore orders
- 1-3 day ground shipping to 90% of the US
- Timed order release to meet delivery windows
- Blind shipping
- Third party shipping

**FROM CONCEPT TO INSTALLATION,
SOURCE ONE DIGITAL CAN HELP
WITH EVERY STEP ALONG THE WAY!**

Source One Digital is a strategic silent partner for many print shops and agencies all across the US. We have the ability to print on almost any material, print larger sizes, and print faster and more economically than most, all while maintaining the highest quality levels. As a proven producer of high quality digital graphics, with one of the largest arrays of equipment and capabilities under one roof, we can provide you with almost unlimited solutions to meet all of your customers' needs. Watch your sales and profits soar by utilizing our resources and wholesale pricing programs.

VISIFLEX FABRIC SYSTEMS

Also known as Silicone Edge Graphics or SEG Graphics, this fabric is taking the market by storm making Duratrans graphics almost obsolete and improving many other types of displays. The visiFLEX fabric systems feature several different types of fabrics that have a silicone edge beading sewn into the edges that enables the graphics to push easily into an extrusion channel on any of our different shapes or sizes of frame styles. The fabric graphics provide a very high-end look and the elasticity of the fabric ensures a perfect, wrinkle-free fit. The Visiflex system is ideal for...

- Single and double-sided freestanding displays
- Backlit displays (uses LED lighting)
- Trade show displays
- Retail displays

DYE-SUB DIRECT-TO-FABRIC

Expand your capabilities by taking advantage of our direct-to-fabric printing capabilities. Soft signage is one of the fastest growing segments of the market. Dye-sublimation direct-to-fabric printing produces vibrant colors that are fade and wash resistant. They literally "jump" from the fabric! Increase your impact with this growing trend.

- Elegant fabric banners up to 10' wide
- Silicone edge graphics, including backlits
- Trade show displays
- Media and event backdrops
- Table throws and covers
- Feather flags
- Finishing including: tiling, hems, stitching, pole pockets, silicone edging and more.

CREATIVEFx™
Custom Window Films

OPTICALLY CLEAR WINDOW FILM

The custom window and glass graphic market has exploded in recent years. Source One Digital has added specific print technology to meet the challenges of printing custom products for the window film market. Our CreativeFX™ optically clear polyester film is the premium product in the custom printed film category. Be a leader in the window film market with products from Source One Digital.

- Corporate branding and office spaces
- Conference room privacy
- Environmental graphics for educational, medical, financial institutions, and much more

WINDOW GRAPHICS

Windows and doors are often areas that go unused and can easily be turned into colorful eye-catching graphics. In addition to providing branding and promotional opportunities, there are many other benefits of window graphics including providing energy savings and enhanced privacy. Take advantage of our wide variety of materials and print capabilities to find the right solution for your project.

- Window Perf
- Opaque and clear adhesive films
- Static Clings

CUSTOM WALLPAPER

Our state-of-the-art capabilities for printing custom wall covering eliminates banding, even on difficult solid color backgrounds, and can also provide spot gloss to protect or enhance certain images or areas.

Our wallpaper is Dreamscape commercial grade, Type II wall covering and is available in several different finishes and textures. Type II wall paper is made to withstand use in high-traffic/public areas. Certain types can qualify for LEED certification credits and are Class A, UL Certified, and NFPA approved.

WINDOW DÉCOR

Available in any design, shape, and size to suite your project at hand. The film comes in super clear, one sided or double side film to enhance any project.

WOOD & WOOD LAMINATES

UV direct printing delivers photographic print quality on rigid or flexible substrates up to 2 inches thick.

CORK

UV direct printing on special adhesive backed material.

CUSTOM DIMENSIONAL EFFECTS

Build décor through custom printed acrylics, rigid foams, PVC materials, or many others in various shapes and sizes. We can help you create the 3D elements your clients are envisioning.

FABRIC

Direct-to-fabric dye-sublimation printing process provides vibrant colors that are wrinkle resistant and washable.

VINYL

Available in any size, shape, design, or color to suite your project at hand. The decal can be permanent, static cling, low-tack, or removable.

VINYL WALLPAPER

Special fabric backed material that allows you to remove it and reposition it without damaging walls.

METAL

Custom sizes and shapes to bring an industrial feel into your space. Metal and metal laminates are available.

ACRYLIC

Custom acrylic provides a high end feel to any project using a combination of first surface and subsurface and create unique 3D effects.

**YOU NAME IT, WE CAN PRINT ON IT...
CEILING TILES, CERAMIC TILE,
CANVAS, WOOD...AND MORE!**

DIMENSION GETS YOU NOTICED

DIMENSIONAL SIGNAGE

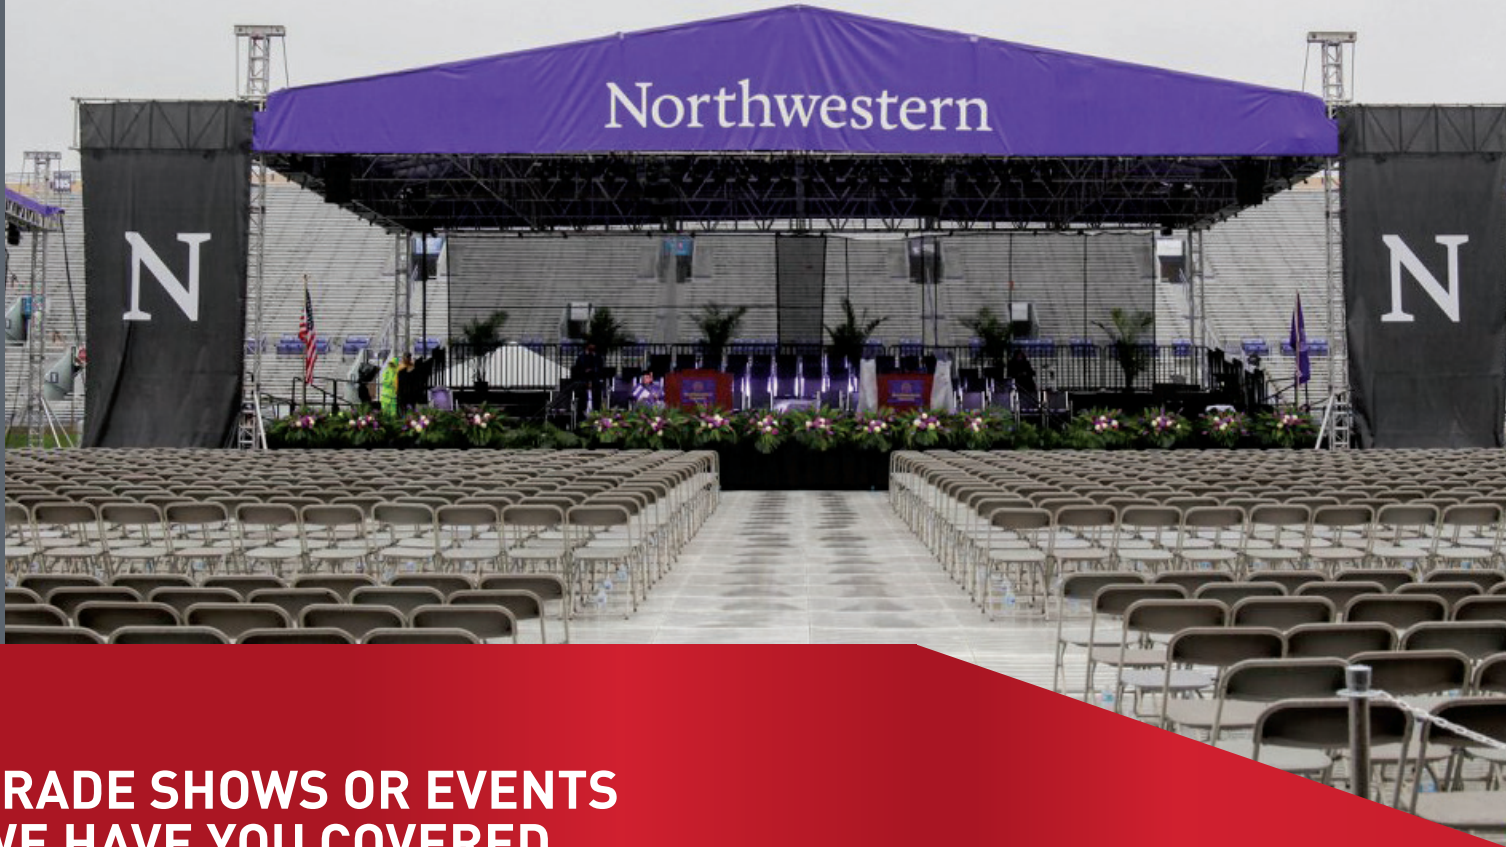

Signs that have shape get noticed. We can add dimension to logos or artwork that can help you create the 3D elements your clients are envisioning. Supply us your artwork or let our design team help you create or add just the right custom dimensional effect using custom printed acrylics, rigid foams, laminates, PVC materials, custom paint, or many others in various shapes and sizes.

CUSTOM ACRYLIC GRAPHICS AND AWARDS

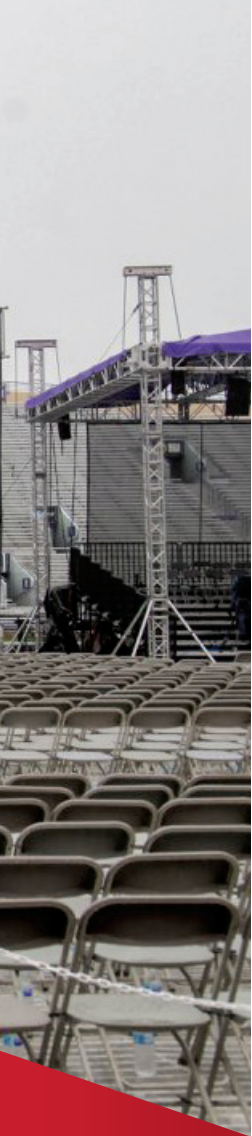

Expand your product mix to include acrylic graphics and awards. We can provide various different materials and thicknesses that we can print both first and second surface. We also have the ability to print with white ink to enhance spot graphics and provide a flood coat behind second surface images to provide an upscale look. In addition, we have the ability to router acrylic into just about any shape.

- High end retail displays
- Museum display
- Corporate branding and displays
- Custom awards

**TRADE SHOWS OR EVENTS
WE HAVE YOU COVERED**

Source One Digital is your source for quick turnaround on large-format, full-color graphics for trade shows and exhibits. Our high quality printing across a wide range of substrates that will help your customers stand out from the crowd at their next trade show or event. We also handle a full range of hardware for trade shows and events and can help you provide a turnkey solution for your customers

- Bannerstands and systems
- Table throws and runners
- Portable display systems
- Fabric displays and structures
- Modular and custom exhibit systems
- Outdoor tents, flags, and signs

VINYL AND MESH

When it comes to full-color, vibrant, durable banners, nobody beats Source One Digital. Our substrate buying power provide you with extremely competitive pricing. We produce any size or shape from the standard to giant.

- Vinyl banner, single and double-sided in various weights and styles up to 16' wide
- Mesh banner single and double-sided up to 16' wide
- Pole banners
- Flex face backlit banners
- Finishing including: tiling, hems, stitching, pole pockets, wind slits, grommets, ropes, and more
